

Plan Changes: 2017 to 2018

We've made changes to our plans for small group employers. The chart below shows the plans that have a change in deductible and/or coinsurance level, along with discontinued plans. Your renewal quote already accounts for the change from 2017 to 2018 plans. If you would prefer a different plan, please consult with your broker or account executive. However, if you do not make a plan selection upon renewal, you will be automatically enrolled in the associated mapped plan.
