

Understanding Your Benefits

100/80 \$3,000 Coinsurance Plan

Deductibles

You pay the following amounts each year before your health plan starts to pay toward the cost of covered services:

- \$3,000 per individual plan;
\$6,000 per family plan in-network
- \$6,000 per individual plan;
\$12,000 per family plan out-of-network

The deductible has a hybrid calculation, which means that all deductible amounts paid count toward the family deductible, but the individual will never pay more than their individual deductible amount.

Out-of-pocket Limits

The following is the maximum you would pay out-of-pocket for essential health benefits each year (including medical and pharmacy copayments, deductibles, and coinsurance).

- \$7,150 per individual plan;
\$14,300 per family plan in-network
- \$14,300 per individual plan;
\$28,600 per family plan out-of-network

The out-of-pocket limit has a hybrid calculation, which means that all out-of-pocket amounts paid count toward the family out-of-pocket limit, but the individual will never pay more than their individual out-of-pocket amount

Please note:

The deductible and out-of-pocket limits are separate for in-network and out-of-network services.
