## Understanding Your Benefits

### Deductibles

You pay the following amounts each year before your health plan starts to pay toward the cost of covered services:

- \$6,550 per individual plan;  
\$13,100 per family plan in-network
- \$13,100 per individual plan;  
\$26,200 per family plan out-of-network

The deductible has an aggregate calculation, which means that all deductible amounts paid count toward the family deductible amount, and one or all can meet it.

### Out-of-pocket Limits

The following is the maximum you would pay out-of-pocket for essential health benefits each year (including medical and pharmacy copayments, deductibles, and coinsurance).

- \$6,550 per individual plan;  
\$13,100 per family plan in-network
- \$19,650 per individual plan;  
\$39,300 per family plan out-of-network

The out-of-pocket limit has a hybrid calculation, which means that all out-of-pocket amounts paid count toward the family out-of-pocket limit, but the individual will never pay more than their individual out-of-pocket amount.

### Please note:

The deductible and out-of-pocket limits are separate for in-network and out-of-network services.
