Understanding Your Benefits

100-60 \$5,000/\$10,000 High Deductible Health Plan HSA Qualifying

Deductibles

You pay the following amounts each year before your health plan starts to pay toward the cost of covered services:

- \$5,000 per individual plan;\$10,000 per family plan in network
- \$10,000 per individual plan; \$20,000 per family plan out of network
- The deductible has an aggregate calculation which means that all deductible amounts paid count toward the family deductible amount, one or all can meet it.

Out-of-pocket Limits

The following is the maximum you would pay out of pocket for essential health benefits each year (including medical and pharmacy copayments, deductibles and coinsurance).

- \$6,550 per individual plan;\$13,100 per family plan in network
- \$19,650 per individual plan;\$39,300 per family plan out of network
- The out-of-pocket limit has a hybrid calculation which means that all out-ofpocket amounts paid count toward the family out-of-pocket limit, but the individual will never pay more than their individual out-of-pocket amount.

Please note:

The deductible and out-of-pocket limits are separate for in-network and out-of-network services.
